# Agrivoltaics Professional Development

Earn qualifying PD hours and receive an agrivoltaics kit for your ASAP project

May 11, 2024 @ 9AM

at the Bisbee Science Lab, 519 Melody Lane, Bisbee, AZ or via Zoom

## Voices of Experience: Shared Stories from Agrivoltaics Enthusiasts

Continue the journey into teaching Agrivoltaics at the final Sin Fronteras session of the school year. Teachers from diverse backgrounds will gather and exchange their experiences implementing Agrivoltaics kits in their classrooms. Explore how students learn about the intersection of agriculture and renewable energy, as teachers share their insights, challenges, and successes throughout the process.
